EDITORS NOTE

Spring is in the air early this year. Our Spring Open House is also early this year on March 11 & 12, 2017. With our water damage problem, we need as many members as possible to help clean up the Society's clubhouse. We must continue to present a warm, clean and helpful image to the public. Our faithful fans deserve no less. I want to thank every member that has helped to clean up over the last few weeks, but more is needed.

On the layout front, we have made good progress and I think our visitors will be pleased with what they see during the open house. We get so many questions about how we build the layout. How we make the scenery, etc. Those of you that have helped out at the open houses in the past know this is true. People enjoy seeing our work and marvel at what we have accomplished.

I raise my Engineers cap to all of you.

Happy Training,

Rich Henderson, Editor

Committee Reports:

Modules: There was water damage on one corner module. We will keep a close eye on it for warping.

Main Layout: The warehouse district is progressing. There was some minor water damage in one curve, looks like a ballast washout. Eric Hopkins will be putting in a new switch near Wilson's Mills & CPNB near the water tower.

Ad cars: Eric Hopkins reported no new cars. He is planning on taking a few of the cars to the business that have not renewed. Total boxcar Ads is nine.

Old Business:

The BOD/Officers will look at the space Ward Paine has offered us on Wednesday, February, 15, 2017 at 3:30pm. They will report back at the March meeting. We are also looking at several other places.

New Business:

The Black Bear had a plumbing line break on the night of Monday, January 24 into Tuesday the 25th. Water leaked down thru holes in the ceiling and damaged a lot of our magazine library, one module and a small place on the main layout. We are drying out the magazines but most will have to be thrown out. High possibility of mold developing. Gary said we need to clean up and move on. The floor will be cleaned and possibly repainted. Gary said he has Trains magazine on CD and possibly Model Railroader and he will donate them to the society. Rich said if he gets a new computer this spring, he will donate his old one to the society. It has windows 10 and is completely updated. The printer comes with it. We may need a new TV, VCR & DVD player. The old ones will be checked first.

The BOD set dates for upcoming events.
